All patients should be aware of our COVID-19 Requirements

Patients with the following symptoms will be asked to reschedule:
Fever, chills, cough, shortness of breath, >99.5 temp and/or contact with
someone with symptoms or diagnosis of COVID-19 within 15 days.

1. Family members CANNOT wait in the office during the exam, except under EXTRAORDINARY circumstances. Please comply with the staff's instructions in this and all matters.
2. Please print out the patient registration form from home and fill it out **COMPLETELY** (at home) and bring it with you to the office.
3. Please wear a mask at all times!
4. PRIOR to entering our office, please use the restroom by the elevator and wash your hands thoroughly.
5. We will leave the office door propped OPEN so you don't need to use the handle.
6. Please bring your own pen to sign forms.
7. We will take your temperature upon arrival. If >99.5, you will have to be rescheduled.

We are all trying to be safe, while providing excellent care to our medical, surgical, and "routine" patients.

Thank you,

David J Medford, MD

Jocelyn Hess, MD

Nancy FD Medford, Administrator

& the entire AES staff.....
